- = Included in basic configuration
- = Extension, available at an additional cost
- = Not available respectively not relevant for this model of iQ.

- 1 Warranty does not cover third-party products (e.g. Apple iPod, iPad etc.). Please contact us for more details.
- 2 Power Failure Safe – the system will not take damage should there be a power failure.
- 3 Requires a Record System or a adsilent Silent System and an adapter for iPod/iPad
- 4 The Soft Down technique for the dampers avoids loud tapping sounds, when the dampers are lowered (right-hand pedal, change from active to not active).
- 5 Level function for adjusting the volume in the iQ System to the volume control of the audio player being used. This function also automatically controls the balance between the volume of the piano and the background music through the speakers.
- 6 Sync function for finely controlling the synchronisation of the audio accompaniment with the piano music.
- 7 MIDI OUT only available, if one of the following extensions is installed: Record System or a adsilent Silent System.
- 8 LINE IN for connection to the audio device in use.
